Trophées des Elites

"Elite trophies"

Presentation of the Elite Trophy:

In line with the sponsorship operation launched last year by ESPEE, <https://www.espee.fr/evenements/2023/07/10/operation-1-tireur---2-lames-1825207>, consisting of offering "maraging" blades to young competitors... ESPEE (Entente Sportive de Promotion de l'Escrime Élite) launches the Elite Trophy ...

Made from broken blades, donated by Champions, they are all unique, numbered and have their own story, written on their base.

Each Champion giving a broken blade will be offered a brand-new Blaise Frères FIE blue hard Blade (the best) ...

The Trophies will be sold during a big Gala evening, the profits of which will be entirely donated to support the young competitors in the Cadet to Junior categories.

In the same way that donor Champions are international, the scholarships awarded will be based on criteria accessible to fencers from all over the world.

The operation is led by ESPEE, the non-profit association directed by Clementine Chevreau, a 16 years old young foil fencer.

Wishing you to join this great project, you already could have a glance at the ESPEE Pledge:

https://www.espee.fr/media/uploaded/sites/20742/document/64d75a11e450e_ChartedelaTeamESPEEGB.pdf

Attached is the "test" edition N*0000 made with the blade broken by Clem in T8 of the 2024 France Foil Cadet Championship.

Obviously the Fencers from 6 weapons will be represented!
